WHO AM I

I am a highly motivated cybersecurity student with a strong foundation in IT and information security, and a particular interest in Governance, Risk, and Compliance (GRC). I enjoy designing and implementing structured, efficient solutions that help organisations manage risk in a clear and automated manner. My goal is to support organisations in understanding their risk landscape and strengthening their overall security posture.

EXPERIENCE

Telenet NV - Intern 9/02/2026 - 8/05/2026

- Integrated an internal risk assessment application with a commercial GRC platform to streamline risk management and compliance reporting.
- Assisted in conducting organisational risk assessments.
- Supported the implementation of an ISMS.
- Researched efficient approaches to managing risk and compliance in a complex organisation.
